Verhalen's Vision

Admin and teachers spread a message after reading about the bad choices that some Clovis Unified high school student made. I went into each 4th -6th grade class to talk about what might happen if you make poor choices on a social media. I then shared that my goal as the principal is to make sure that Lincoln is a safe place for all students. I then shared that for Lincoln to be safe would requires each student to manage themselves and take care of others. So we challenged all our upper grade students to be kind to your classmate and all Lincoln students.

Lincoln, just started attendance challenge. The highest attendance class will win a pizza party or ice cream party or more recess or whatever the class chooses. We want to make it fun for students to come to school and compete for something that our kids will want. Because this is by class, students have to work together to be successful.

So, about this Jog-a-thon thing. We just passed the \$7000 so the goal of \$15000 seems a long way away. There is only a few days left and in the past that is when all the money comes in. I have been singing to 10 very large night crawlers and asking them to stay clean. They are juicy and would taste great with mustard on a hotdog bun.

Always do what's right,
Matt Verhalen
