Verhalen's Vision

Back on the Lincoln campus after a summer of construction has been a difficult adjustment. Things are in not in order, there are daily issues that make work more difficult, and constant setbacks...and I'm only talking about is the MPR! Thanks to our teachers' abilities to adjust on the fly, I doubt it has affected many students. At Back to School Night the MPR was available but not nearly finished. At least the air was cool and the new sound system was functioning. We had Guadalajara's Mexican food truck and I have to admit, the tacos were amazing. The Pizza Factory was also there and enjoyed by many. Parents were able to spend about 60 minutes visiting classrooms. I made it into each classroom and it was great to see so many parents so concerned about their children's success. We know without parents emphasizing the importance of competing in the classroom, the school's job of educating and preparing a child academically becomes much more difficult. Thanks to all of you parents that came out to support your children. If you were not able to make it, don't hesitate to email your child's teacher if you are wondering how you can support their learning.

Our sports teams have had some difficult weather to train in and that has caused setbacks around the district. Football teams were lacking so much practice that the football carnival set for Saturday was canceled. I don't remember that ever happening. Our first league competition will be September 15th at home against Nelson where you can come and cheer on our runners, volleyball girls, and football teams.

Always do what's right,
Matt Verhalen
